Chairman Ojala opened the meeting at 6:05pm.

We reviewed the minutes of September 15, 2014 as prepared by Arne. Mark made a motion to accept, Kris seconded. All in favor.

We reviewed the minutes of October 8, 2014 as prepared by Kris as well as the executive session minutes of October 8, 2014. Arne made a motion to accept, Mark seconded. All in favor.

We unrolled the map #10 to discuss further the parcels for consideration for purchase by the Town for water protection. It was realized that the wrong map was prepared, so Mark volunteered to approach the Town's GIS division to request the map that we'll need to evaluate parcels for possible acquisition.

Meeting adjourned at around 6:30pm.

Respectfully submitted,

Kris Clark
